☒ Examiner's Statement of Reasons for Allowance

Art Unit: 3617

## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: the prior art references do not disclose or teach a tire inflation system comprising a first rotary union member on the end of an axle having with a first seal ring, a second rotary union member mounted on the hub cap and in general alignment with the first opening and second seal ring, a flexible tube extending into first opening and second opening, each of the elongate openings closely receiving a substantial length of an end of the tube so that flexing of the tube compensates for misalignment while minimizing risk of distortion of the seal rings which might enable the to leak as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

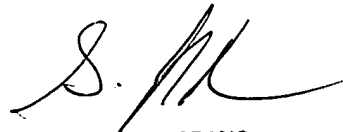

Art Unit: 3617

***Conclusion***

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Long B. Nguyen whose telephone number is (703) 305-5201 and fax number is (703) 308-3297.
